I am From UP. My father is a Hotel-worker and my mother is a housewife. I always had an interest in Computers to become a Software Engineer and make my family proud of my work. I completed my school education from a private college and have an interest in Technology. I started learning Python and Javascript / Node.js at Navgurukul. I am still learning in Navgurukul.

Academic Period Spent in **NavGurukul** So Far

**1 year**

---

## JavaScript Projects

### Forkify App ([code](#))

In this project, using javascript and Html,Css you can search recipes on this website.

### Login-Signup with Todo App ([code](#))

I have made login-signup with open Todo App using javascript and Html Css and bootstrap5 on this page.

## Html Css Projects

### Myntra-website ([code](#))

I have made Html,Css and Bootstrap5.

### Electronic Web ([code](#))

I have made Html,Css and Bootstrap5.

## Reactjs Projects

### Food-Ordered ([code](#))

In this project, using javascript ,React Hooks and Html,Css you can Food ordered on this website. ([Netlyfy-link](#))

## Python Projects

### KBC Game ([code](#))

This is a command-line game in which the user has to guess the correct answer of a question and the user has four options like in the KBC game. If the user chooses any wrong answer then he will lose the game.

### IMDB Movie Scraper ([code](#))

I implemented a scraper of IMDB to scrape data of different Indian Hindi movies and then, I did different kinds of analysis on them to understand things like movies liked by a certain gender, age group of people, frequent co-actors etcetera. I used the BeautifulSoup module of Python in this project.

### Flipkart Scraper ([code](#))

I implemented a scraper of Flipkart and scraped mobile details by their brand, Price, Ram, Rom and Battery. I used Python and the BeautifulSoup module.

---

## Projects

## Experience

### IT coordinator, NavGurukul

It was a great opportunity for me that I was serving the post of IT Coordinator in NavGurukul, In which I was managing the IT infrastructure for the whole community.

### Disciplinary Committee, NavGurukul

Being a part of the Disciplinary Committee at NavGurukul, I am responsible for the overall discipline and decorum. I'm learning to exercise my leadership skills to maintain a seriousness at the whole campus among the 50+ students and also taking strict action going against the tide sometimes.

### 3Embed software Technologies Private Limited.(Mohali Punjab)

I have 4.5 month Experience of React js developer.I am working as an Internship. working on some project-based react js, javascript, HTML, and CSS & also working on a framework bootstrap5 and Material UI.

---

### NavGurukul

Learning Software Engineering with a one-year residential program and also learning many social & teamwork related skills, like scrum methodology and coding all day doing other life skill activities.

## Education

### Veer Bahadur Singh Purvanchal University, Jaunpur, UP

I graduated from B.com.

### Purvanchal college of IT & Management

Completed the course . Advance Diploma in Computer Application.

## Language

English , Hindi

## Hobbies

Playing Cricket, Watching Movies

NavGurukul started by an IIT-D alumnus & Entrepreneurs runs a one-year intense course for *academically bright students* to learn programming & get high paying jobs. Students learn without a teacher & hence are self-starters and problem-solvers. You not only hire someone talented & loyal but also help in increasing workplace diversity.
